Poppy Street Provides Recipes

"Bright and glorious is the revelation. Written o'er this great old world of ours: Making evident our own creation. In these stars of earth—these golden flowers."

"Capo de oro"—cups of gold—is what an old legend calls our state flower, the golden poppy, and "Flanders Field" is the place of poppies in the minds of many, where countless numbers of our brave boys are sleeping.

There is a battle field too, right here on our own Poppy street, where brave women are waging war, some with sickness and suffering, some with the handicap of a life with the singing of birds and the laughter of children and young people too on Poppy street, there is the joy of starting new hearth-fires, and the tending of old ones, different duties for different ones, but each new day a fresh beginning for all, every one ready to meet puzzling problems, willing "to accept the conditions of life with heroic readiness," soldiers of fortune as well as soldiers of sickness and suffering.

One Egg Gingerbread

1/2 cup sugar, 1/2 cup molasses, 1 large tablespoonful of crisco, 1 teaspoonful salt, 1 of cinaman, 1 of cloves, 1 of allspice, and 1 egg. Put all together in bowl and beat well, then add 2 cups of flour, 1 teaspoon of soda, 1 teaspoonful of baking powder, and 1 cup of hot water. Mix in order given. Bake in 2 layers and put together with 1 cup powdered sugar, 2 teaspoonfuls of milk and teaspoonful of vanilla and raisins if desired.—Mrs. C. L. Hatfield.

Hamburger Stew

1 lb hamburger steak, 6 medium sized potatoes, one small onion, season with salt and pepper, use enough water to cook tender and to make a thickened gravy. Good dish for school children.—Mrs. Rosa Mack.

Ice Cream

1 can condensed milk diluted with equal amount of water. Beat one egg well, mix 2 tablespoonful of flour with one cup of sugar, and add egg, sugar and flour without cooking to the milk and water and freeze for ten minutes. Quickly made and is delicious. Will make 2 quarts.—Mrs. Mack.

Up-to-Date Cabbage

Cut cabbage as though for cold slaw and cook for 15 minutes in just enough salted water to keep from burning and to keep it moist. Beat 1 egg, 1 tablespoonful of sugar, 1 tablespoonful of vinegar, stir together thoroughly in a cup, then fill it with cream, and stir into the hot cabbage. Do not boil, or the cream will curdle. Cabbage cooked in this way can be eaten by anybody and digested easily.—Mrs. Julia Maurer.

HELPFUL HINTS

Smooth Batter

In making batter, the lumps of flour can be avoided by putting the salt in the flour before wetting.

Sour Milk

If a recipe calls for sour milk and you have none, put a teaspoonful of strong vinegar to cup of milk which will give you the desired article.

To Crack Pecans

Pour boiling water on them and let stand 20 minutes, drain off water and crack them when the meats will come out in large pieces.—From Modern Priscilla.

BUY XMAS AT HOME

There are no better stores, and on the whole, more wide-awake merchants in the state than right here in this community, and the fact that they have chosen this city as their stamping ground should be sufficient reason for all needs of the farm and home.

Cut out the eastern money order houses, and patronize home merchants. There is no better or surer way of boosting your own city.

No one can be sufficiently proud of his city unless there are first-class stores of all kinds to be found there, and in order to be sure of the best retail stores, it is necessary that local merchants receive the unqualified support of every family living here. Every buyer should, by every source of reasoning, give the local merchant preference. There are reasons for this, but most important, is the fact that when you buy at home you are helping your home city. When in need of supplies for your farm or home, look over the announcements in local papers and you will be supporting this town, in a spirit which goes hand in hand with the prosperity of our city.

LOMITA C. E. WEEK-END

A stirring business meeting of the society was held last Friday evening. About thirty-five being present. Officers were elected as follows for the coming term:

President, Wallace Richey, vice president, Dawson Trotman, secretary, Mary Wilkinson, Treasurer, Lella O'Quinn.

After various items of business had been attended to the meeting was adjourned, and some exciting new games were played, the funniest being a monkey and crab race. The E side laid plans for the party to be given the C's November 19. The game committee consists of Ed Tappin, Llewellyn Phillips; Lona Marr, Ila Wait. Refreshments—May Archer, Freda Hall, Lois Plumb. Decorating—Mrs. Miller, Mrs. Richey, Harlan Clark, Walter Stanton.

The C. E. society in a body heard Mr. Younkin, a returned missionary from Africa, at the church evening service Sunday. Twenty-three of our C. E. young folks went in machines to Montez Saturday night to attend a union social of all Redondo District societies.

SHOULD BE PARTNERS

Capable men—men whose abilities would net them greater profits in other industries—spend their lives as printers because each day they find and learn something new about the work that is so fascinating.

These printers, just as other men in other professions, are sometimes timid. Possibly it is because of their complicated subject which they fear the buyer of printing may never clearly understand. Whatever it is, many buyers of printing construe it as an opportunity to force their opinions on the printer.

What is the result? Very often it is poor printing, a dissatisfied buyer and a disliked printer. Why will many buyers of printing continue to think that printing is philanthropy? "You can't get something for nothing" is as true in printing as in any other business. And it is more evident, because nothing shows its cheapness quicker than cheap printing.

But if a printer does turn out a good job, even in face of difficulties, what is his reward? Isn't it often only an opportunity to hand in a competitive bid on the next job?

Why is the printer so seldom allowed to feel a spirit of partnership with the buyer—to feel that he is working with him instead of for him? Why is the spectre of a rejected order or a lost account hung ever before his eyes?

Buyers of printing, remember this: The first step toward better printing is to make your printer your partner.

We can make this plea for the printer because of our intimate knowledge of the situation. Just a step away, we get a true viewpoint on both the printer and you.

SCORES PAY DOLLAR, JOIN CHEER-UP CLUB

In exchange for \$1 annual dues, scores of recruits were reported being added to the "Cheer Up"—"Don't Worry Club" here which was organized by Rev. Dr. T. W. Davis, chaplain of the Pennsylvania state senate at Philadelphia.

The following seven "commandments," however, were to be observed and strictly abided.

- 1—Cheer up others and yourself.
- 2—Don't worry others or yourself.
- 3—Live and let others live.
- 4—Scatter sunshine wherever you go.
- 5—Don't cuss or get angry—it hurts you.
- 6—Greet every one with a pleasant smile.
- 7—Laugh out loud three times a day.
